above sea level

BASECAMP
35 metres / 115 feet
above sea level

SPIRIT LOOP TRAIL (.4km)
A short walk on a wide, easy interpretive trail that offers views of the surrounding mountains, water and forest. Night lighting allows this trail to be enjoyed in the early darkness.

PANORAMA TRAIL (1.6 km)
A wide, easy trail for a walk while enjoying open forests, big views and wildlife.

WONDERLAND LAKE LOOP (1.6 km • Easy)
Enjoy the quiet of a winter forest as you hike or snowshoe along a wide, easy trail past a snow covered pond with views of glaciers and snow-capped mountains. NEVER cross areas marked "thin ice."

SPARKY'S SPIN (1.86 km • Intermediate)
A close in trail with back-country feel. This single track trail meanders down under the Gondola line through wide, open old growth forest, and moss covered granite bluffs, connecting with Upper Sea to Summit trail for the hike back up to the lodge. This is a steeper trail for the intermediate hiker.

HIGHLINE TRAIL (1.2 km • Intermediate)
This loop trail with a short steep uphill offers stunning 360 degree views of Sky Pilot, Howe Sound, Mt.Atwell and Squamish. **Open as conditions permit.**

An awesome alpine adventure to summit Bodhi's Boulder. Along the way you'll travel through the homes of six alpine animals and help the guide find his ten lost items. Self-guided maps at entrance. **Open as conditions permit.**
